Improved action!

The technology that goes into a COMFORT II runner system meets all the criteria for today's kitchen pull-outs.

The drop-in **spice rack** is an attractive option

Absolutely **smooth action**

Height-adjustable trays for efficient use of space

Optional **third tray** for even more storage space

Tried-and-tested, see-through railing for a clear view and easy access

COMFORT II

SMOOTH ACTION, ADAPTABLE, USER-FRIENDLY

EASY ASSEMBLY, EFFORTLESS ADJUSTMENT

 KESSEBÖHMER

ULTRA-EASY ClickFixx CONNECTION BETWEEN FRAME AND RUNNER, SIMPLE 3D FINE ADJUSTMENT FOR THE FRONT PANEL, ABSOLUTELY SMOOTH ACTION, EFFICIENT USE OF SPACE THANKS TO HEIGHT-ADJUSTABLE TRAYS – THAT'S THE COMFORT II.

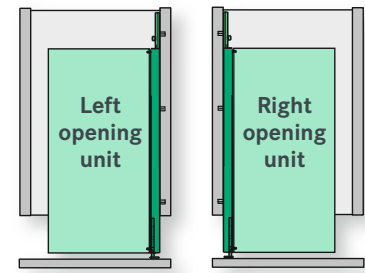

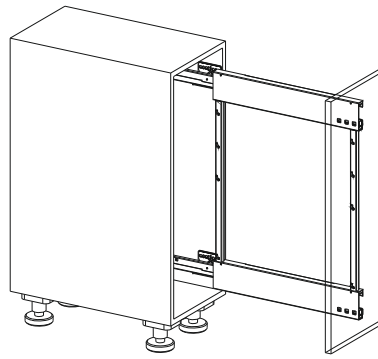

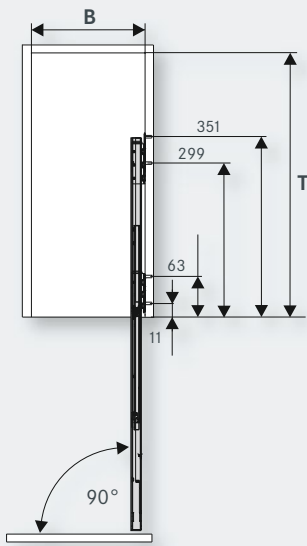

The compact 30-cm base unit pull-out lets users fill every centimetre and customise the pull-out to suit their special requirements. The COMFORT II is ideal for storing cooking ingredients; it provides an amazing amount of storage space, plus a clear view of all the contents. The pull-out glides softly and smoothly out in front of the cabinet. Everything needed for a great meal is instantly ready to hand.

Kesseböhmer has added the option of a spice rack to its tried-and-tested COMFORT pull-out. The spice rack is the perfect add-on for the COMFORT concept. The spice rack is made of a single piece of shaped, powder-coated metal. It was designed to be as deep as possible, but still allow a clear view and easy access to vinegars and oils and other items stored in the lower trays. It offers an amazing amount of storage space to take a lot of spice jars.

It's surprising how much space there is in the pull-out and how flexibly it can be used.
