## COMFORT II

THE SPECIALIST  
IN GREAT TASTE.

**FEATURES & BENEFITS:**

- Full extension for base units – Entire contents slide out in front of the cabinet
- Optimal overview, very good access
- Space-saving design
- Uses the whole width
- Balancing screw for optimal action
- 3D adjustment in real time – Perfect gap alignment in minutes

# ALL THE CONTENTS AT A GLANCE: COMFORT II

VINEGARS, OILS,  
SPICES AND HERBS

 KESSEBÖHMER

## EFFORTLESS EASE AND SMOOTH ACTION – A JOY TO USE!

The COMFORT II base unit fitting, with its height-adjustable trays, adapts perfectly to each user's individual requirements for kitchen storage. Extra purpose-designed elements are available to store bottles, bread, coffee and tea. Totally practical: optional spice rack in a 90° pull-out!

## Improved action!

The technology that goes into a COMFORT II runner system meets all the criteria for today's kitchen pull-outs.

The drop-in **spice rack** is an attractive option

Absolutely **smooth action**

**Height-adjustable** trays for efficient use of space

Optional **third tray** for even more storage space

**Tried-and-tested, see-through railing** for a clear view and easy access

# COMFORT II

## SMOOTH ACTION, ADAPTABLE, USER-FRIENDLY

EASY ASSEMBLY, EFFORTLESS ADJUSTMENT

 KESSEBÖHMER

**ULTRA-EASY ClickFixx CONNECTION BETWEEN FRAME AND RUNNER, SIMPLE 3D FINE ADJUSTMENT FOR THE FRONT PANEL, ABSOLUTELY SMOOTH ACTION, EFFICIENT USE OF SPACE THANKS TO HEIGHT-ADJUSTABLE TRAYS – THAT'S THE COMFORT II.**

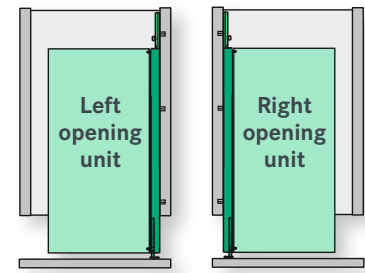

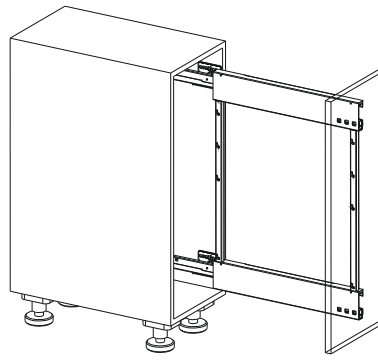

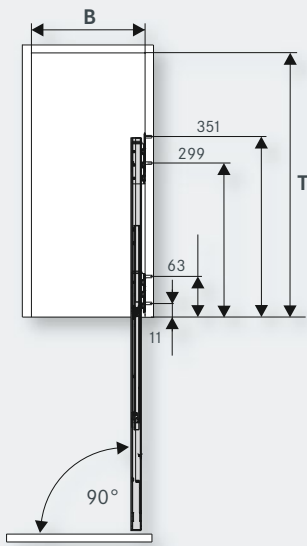

The compact 30-cm base unit pull-out lets users fill every centimetre and customise the pull-out to suit their special requirements. The COMFORT II is ideal for storing cooking ingredients; it provides an amazing amount of storage space, plus a clear view of all the contents. The pull-out glides softly and smoothly out in front of the cabinet. Everything needed for a great meal is instantly ready to hand.

Kesseböhmer has added the option of a spice rack to its tried-and-tested COMFORT pull-out. The spice rack is the perfect add-on for the COMFORT concept. The spice rack is made of a single piece of shaped, powder-coated metal. It was designed to be as deep as possible, but still allow a clear view and easy access to vinegars and oils and other items stored in the lower trays. It offers an amazing amount of storage space to take a lot of spice jars.

It's surprising how much space there is in the pull-out and how flexibly it can be used.
