 KESSEBÖHMER

**THE NEW TANDEM SIDE DOOR SHELF IS A KEY ELEMENT IN A NEW BUILDING BLOCK SYSTEM THAT CREATES ULTRA-FLEXIBLE STORAGE FITTINGS.** A wide choice of modules and different Kesseböhmer products can be combined to create custom storage fittings from standard components. The resulting fittings will exactly match customer requirements – both in value and in functionality.

Part of the appeal of the new door shelf is the fact that it continues to use existing building blocks and products. It can be fitted on its own, paired with the existing TANDEM pull-out shelf, and/or upgraded with the customer's choice of YouBoxx sets. Trays and Youboxxes can be hooked on to the TANDEM frame at user-selected heights.
