

FREEspace

BY KESSEBÖHMER

EN

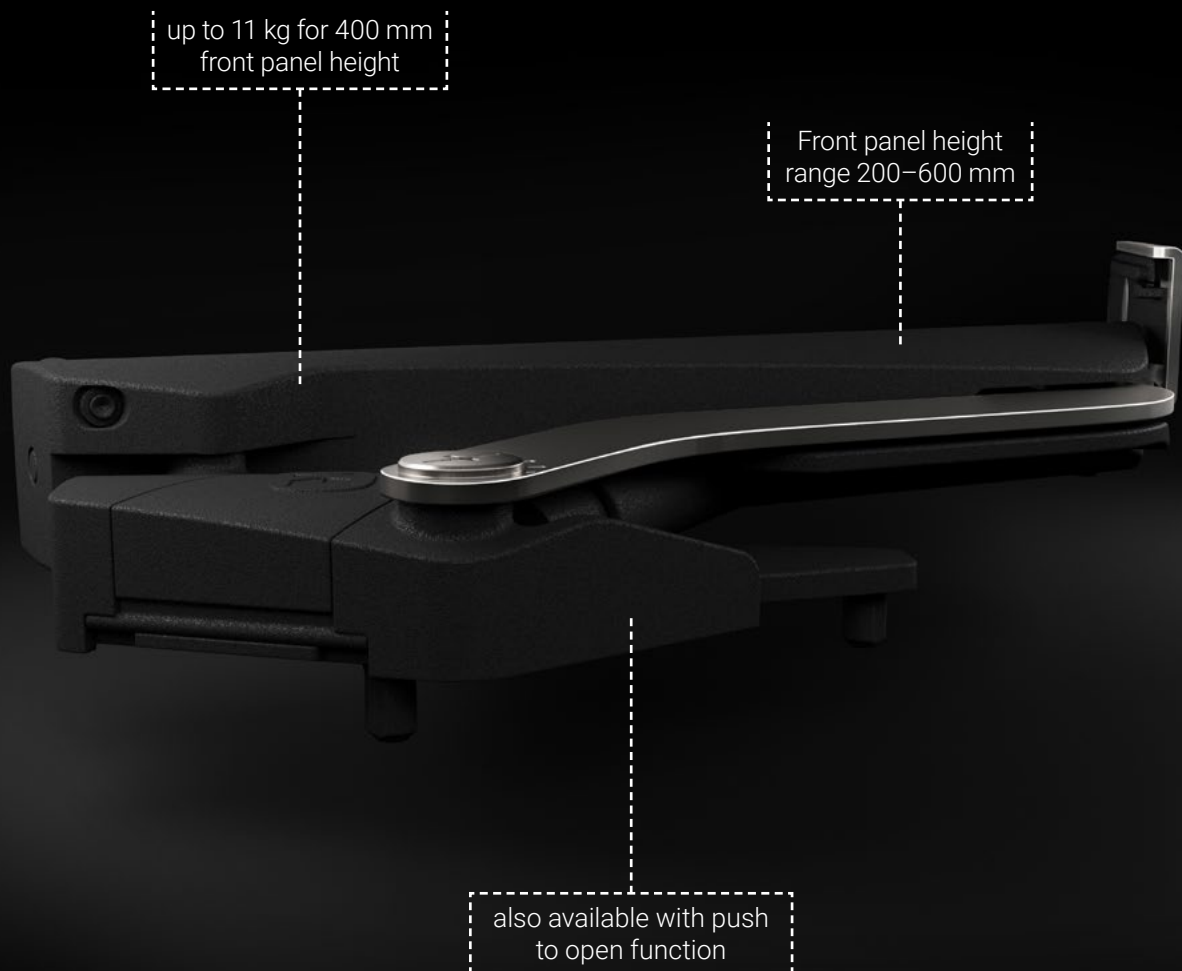

CAN SMALLER BE **STRONGER?**

FREEspace is not an optimisation but rather a true innovation in terms of **technology, function** and **design**. Slimmer and more elaborate, yet also stronger!

FREEspace

CAN
STRONGER BE
SIMPLER?

FREEspace simplifies **installation!**

FREEspace

Just two screws to connect the front panel
= fewer parts = quicker installation

Tool-free assembly and
dismantling of front panel

Positioning tabs

Pre-assembled as normal:
just ONE screw to fix inside unit

CAN
SIMPLER
BE **MORE**
PRECISE?

FREEspace optimises and speeds up **adjustment**.

FREEspace

Innovative decentralised
front panel adjustment

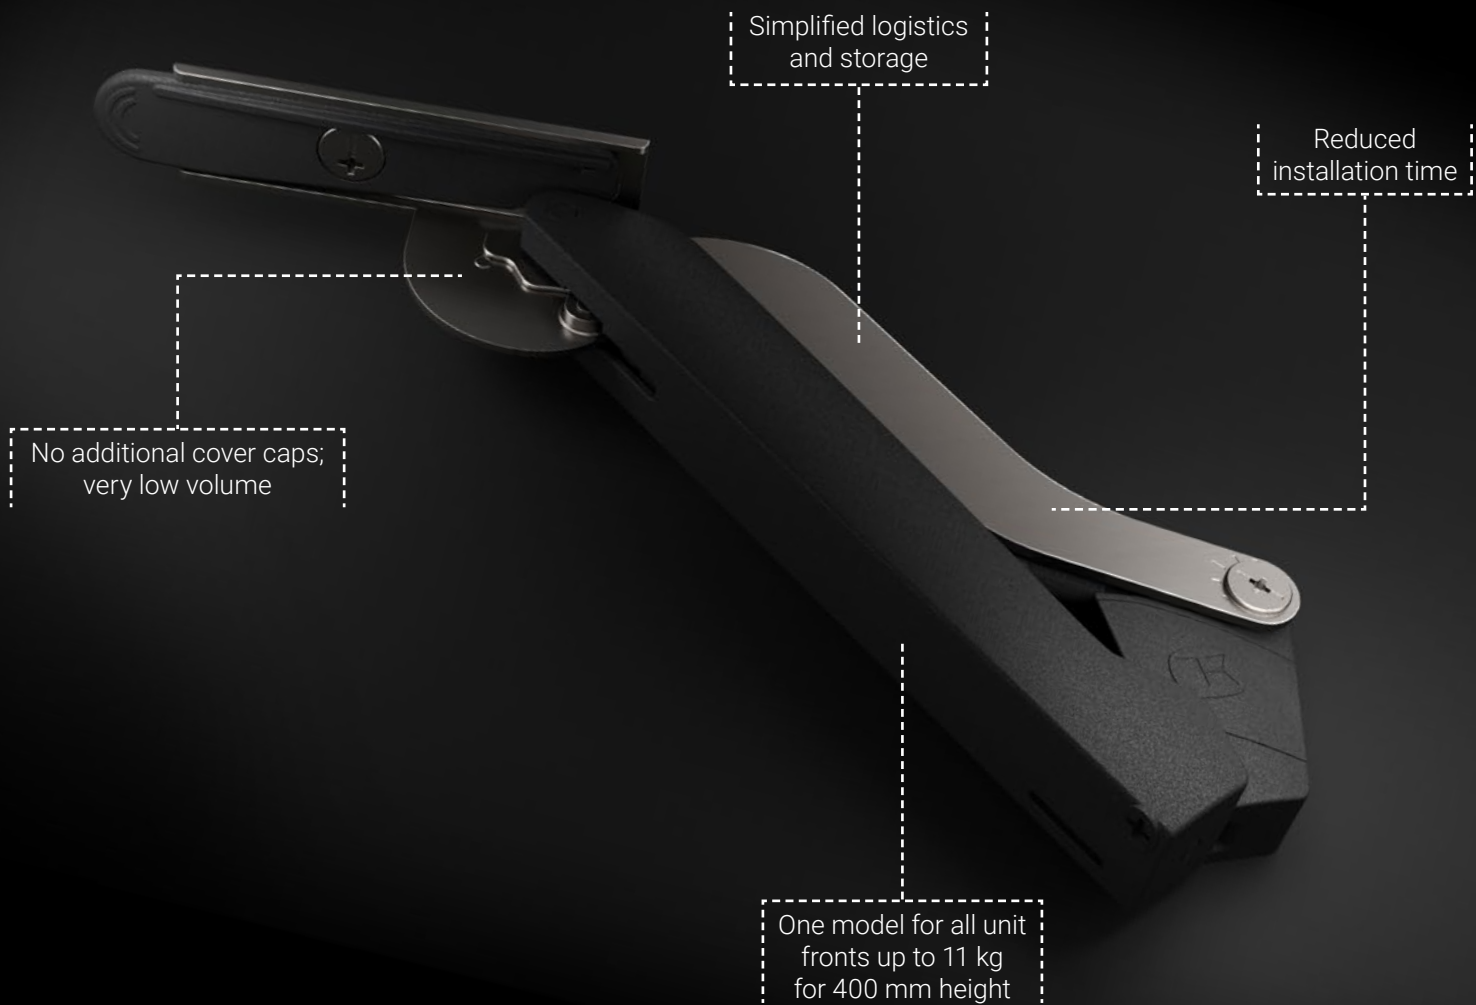

Force setting accessible from front,
readable, self-explanatory

Adjustment direction is
undistorted and clear to see = quicker
adjustment at the first attempt

CAN MORE PRECISE BE **EFFICIENT?**

FREEspace by itself can do everything that two models used to do together – but is **more efficient**.

FREEspace

CAN
EFFICIENT
BE **MORE**
BEAUTIFUL?

FREEspace is not another „grey box“,
but a new, **design lifter generation.**

FREEspace

Intricate front connection

Slim thanks to integration of the spring into the lever arm

No additional concealment necessary

Minimal space required inside cabinet

CAN MORE BEAUTIFUL BE **RELIABLE?**

Reliable, durable and high-performance – Kesseböhmer products have always stood for excellent quality. A reputation that the LGA has reconfirmed in demanding test processes – with the „LGA Quality Certificate“ for FREEspace

FREEspace

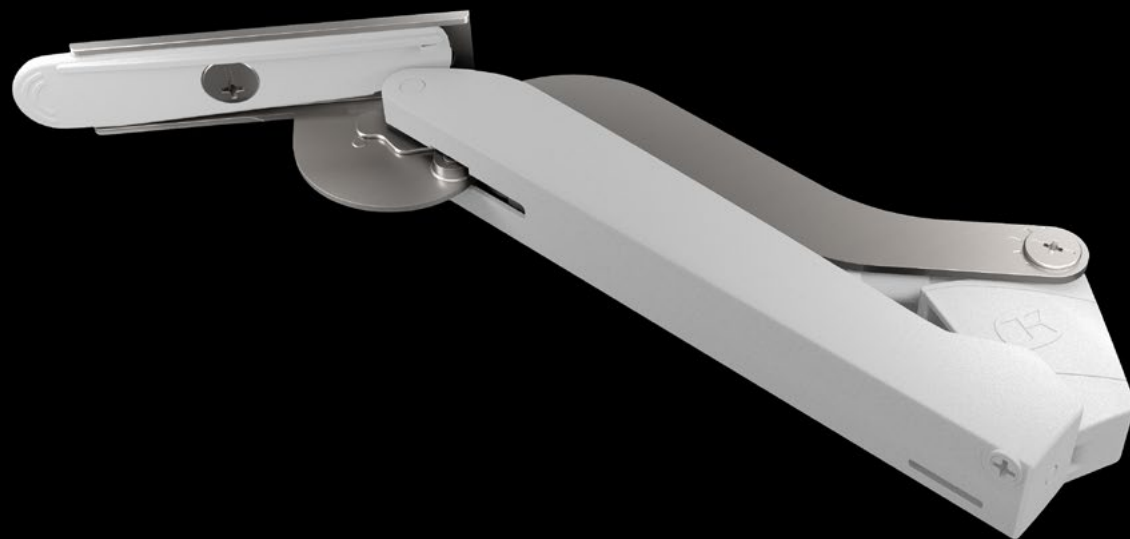

Resistant: specially
hardened metal
components

Highly stable:
glass fibre
reinforced plastic

Officially confirmed:
certified durability way beyond
the standard requirements

Colour selection: White/nickel plated

Colour selection: Grey/nickel plated

Colour selection: Anthracite/nickel plated

Colour selection: Black/black

KESSEBÖHMER
CLEVER STORAGE

Attention to detail is the credo of the Kesseböhmer Group, based in Bad Essen for generations and still owner-managed today, which has made an international name for itself for innovative storage solutions and ergonomic technology.

Our core competence is metal processing, underpinned by high quality standards and experienced engineering. From the idea, through production to delivery: everything from one source. This is a major advantage for our customers because this is the only way for us to work quickly, reliably and on point.

Development and innovation are part of our everyday life, because even our traditional ways need progress. Always powerful and alert, we develop convincing solutions for today and tomorrow.
